

I don't know the implication of LPFM stations have on K-LOVE Radio stations. I want to express my support for keeping K-LOVE on the air. K-LOVE has been daily inspiration for me. And more importantly K-Love provide an alternative to music to the teenagers. Teenagers today are exposed to so many type of music, some good, some are very questionable. K-LOVE's music are "Clean". Most of my friends do listen to K-Love not only for their music but the encouraging lectures.

Thank you for reading my comments. Again I like to express my support for keeping K-LOVE on the air.
